“Accent Double Processed Hardwood” mulch is a premium, dark, natural hardwood mulch providing a rich, natural appearance to accent plants better than lighter-colored mulch.

“Absolute Black” mulch is color-enhanced substitute for natural hardwood mulch. It has been colored to provide a vivid, long-lasting black color.

As always, free home delivery to your driveway, within the Hilliard City School District on minimum orders of five (5) bags ... want less? ... that’s OK – but we ask that you pick it up during our scheduled delivery weekend.

How much mulch do you need? ... a standard 30-foot long by 4-foot wide bed will require about 10 bags to provide a good 2-inch thick covering.

**Using the above example, the formula to determine the quantity of bags becomes:  
Number of Bags = (length in feet X width in feet) divided by 12**

Please complete and return this form *with payment no later than Friday, April 6, 2018* to:
